SCHOOL IN PAST

GRANDPARENTS

CHILDREN'S LIFE IN SCHOOL

- Our grandparents took the wood to the school for heating
- Children from first to fifth grade were in one class = many pupils in classes
- Primary school was consisting of nine grades
- The compulsory education was nine years

SUBJECTS

- When my grandma went to school there was very different subject :technical education
- There wasn't ICT
- They had one teacher for every subject

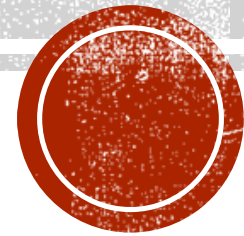

INTERESTING THINGS FROM THEIR LIFE

- In my grandma's school there they didn't have a gym so they exercised on the corridors
- In my granddad's school there wasn't water supply so they had to take water from one bucket
- In my grandad's school they made ice rink for ice hockey for PE

PARENTS
